Cuong Do
U1209

Dear Cuong:

Congratulations on the high student evaluations you received for your Math 5800 - 031 class last semester. High student evaluations are a good indication of a positive atmosphere in class. They are conducive to learning, and they also contribute to your reputation as a good instructor, which helps both you and the department.

Thank you for all your hard work.

Sincerely,

Evarist Giné
Department Head
